Building Committee

Meeting Tuesday night 7pm @ Cathedral.

Altar Design

I am please to let you know that the altar design has been ratified by the Pastoral Council and has been sent to the builder.

What happens now...

The builder is going to take our design and build it on their computer.

They will then submit their design to us to make sure it is what we want.

We can make changes or give them the go ahead.

This first part will take about 1 month.

Once we give them the go ahead, it will take them about 3 months to build it. During this time, we will be remodeling the new church.

I am sure your next big question is when do we get to see the altar design?

I will put it in the bulletin when the design is finalized with the builder. I do not want to show it to you now and have the builder change something.

When Will We Be In the New Church

The altar will not be here for 4 to 5 months, so no sooner than that unless the Holy Ghost pulls a few strings.

What is going to be important so that we get in in a timely manner is for you to be ready to do your part in the meantime.

That means, when we call “All hands on deck!,” you need to be there ready to help. This is all about man power now. I know you work during the week, so there will be a few Saturdays that we will need you there. I will be there most weekdays, doing what one man can do, so if you have a weekday open, call me to see if there is something you can help with.

Landscaping

There will be some need for immediate landscaping. If you want to be involved with this, please let me know.
