Fr. Robideau – What will he say this time? I can't wait !

Each week, Bishop Boyea sends a newsletter to the priests of the diocese. This week an important and interesting piece of news was given. It said the following:

In their recent COVID vaccine statement document, USCCB notes that the Vatican urges everyone concerned for the sanctity of life to protest the use of abortion-derived cell lines and advocate for the development of vaccines with no connection to abortion.

This seems interesting since so many bishops are saying that for the concern for the sanctity of life, we should take the vaccine. They falsely justify this errant statement by saying that the murder of the child happened so long ago that there is no direct connection to it today. How can they say that when the very tissue used is from that baby. This means that we are using today, parts of the very baby murdered years ago for our benefit. This is the very definition of evil.

The other false justification they give for yet another errant thought is that since we have no other option (and the murder is so remote, so long ago) that it can be morally acceptable.

This is a blatant lie produced, taught and shoved down our throats by the evil liberal regime that says never let a good manufactured crisis go to waste.

This Weeks Schedule

Sun: Sexagesima
Open 7:30 am - 12 noon
Mass 8 am President Trump

Woman's Group -- March 6

Last Sunday's Collection

of Contributions -- 22
Sunday Total -- \$ 2331.25
Capital Campaign -- \$ 30

Thank you for your generosity

40 Days for life

40 Days for life begins Wednesday, February 17 and goes to March 28.

The goal is to get people outside the Planned Parenthood at Frandor 7 days a week from 7am through 7pm, but we are especially focused on the weekdays when they are open!

We are asking people to volunteer one hour every week for the duration of the vigil to stand and pray outside the abortion (murder) clinic. Many simply pray the 15 decades of the rosary, but you may pray other prayers or any prayer you like.

While you do not need a sign, one can be provided if you want or need one.

Our parishioner, Britteny Paptic, is available to help you or answer any question you may have. She can also pair you up with a partner if you want one. Being there in pairs is recommended for safety reasons.

Please call Britteny @ 248-917-1225 or Brent @ 517-894-4334

Security & Safety Council

We will meet at 7 pm on Feb 9.

This will be our first meeting pertaining to the new building. We will have much to discuss as everything will be different now with the new structure.

Note, the Diocese has asked us to also take a few other things into account. We will work on that also.

If you have the old manual from the other building. Please bring it with you.

Money Counters

We need to reimplement money counters.

If you are interested in helping to count the Sunday collections after the 10 am Mass, please let Fr. Robideau know.

We will have a training session soon.

The truth is we have several options. On the spiritual side, we can pray and trust God that His will be done. On the secular side, we know that there is a very probable cure called hydroxychloroquine. We also know that by staying active and engaged with the world and with people, and by taking vitamin D3 and Zinc, that we can keep our immunity strong and vibrant. We also know that most people who get it (99.5%) recover from it.

Some might want to add the mask as an alternative, but we know the mask does not work. The virus goes right through it. Not only that, but we note that we see people all the time wearing the mask, and then touching a doorknob or touching the food that the cashier just rang up or so many other things that spread COVID 19 also. Short of wearing a space suit with a rebreather, you are not protected.

The fact remains that we have other options. Perhaps not options that

foster the liberal's scheme, but options none the less. Not to mention that these options are MORAL!!

If we were dealing with the Black Death where one third of the people died, we would have a different song to sing, but we do not.

If we had a situation like Polio, that to the best of my knowledge has no cure, we might be able to justify it. But we have cures. We have options. We do not need to live in fear.

So yes, out of concerned for the sanctity of life we need to protest the use of abortion-derived cell lines and advocate for the development of vaccines with no connection to abortion and, we need to not take it.

God Bless
Fr. Robideau

Contributions and Donations are greatly appreciated

As a parishioner or visitor, you may contribute in the following ways:

- You may use the donation box in the back of Church if you want to use cash or check.
- You may contribute electronically with a credit card by
 - Going to <http://www.continuetogive.com/gregorythegreat>
 - Or by scanning this QR code.
