Mission Statement

We have a nice blank spot in the bulletin to put such a thing... if we had one...

Hint, hint pastoral council.

Start writing your ideas.

Fr. Robideau – What will he say this time?

I can't wait!

WOW! Let's make sure we give a big round of applause to the bishops. Great job guys!

As you know, the bishops all around the world have been pushing the vaccine as a Christian moral duty to protect ourself and our neighbor. They even call it a virtue. And to those BAD Catholics who do not get it, you better watch yourself and take precautions to make sure you do not spread it.

This is not all the bishops have supported and commanded. They have been fully on board with the social distancing, masking, closing the economy down and closing the churches. We know, of course, that they got on this hysteria band wagon because they are all in on the socialist, modernist, liberal agenda. As such, they are fully committed to the democratic agenda of subverting and destroying the constitution of the United States of America and the elimination of God given rights and human dignity.

You have heard me say before that they are out to make the divine institution (the Church) into nothing more than a human institution with some religious overtones. By doing this, they cut the restrictive God out of the picture so that they are able to determine morality from a human secularist agenda rather than from divine mandates. We see this already with so many bishops and priests being sodomites and promoting its perversion. Many saying that they will bless sodomitical civil unions.

I wonder if the bishops are even aware of all the success they have had. With all the madness over the last year, suicides went up dramatically. I hear that it went up so bad, that there were 3 times as many suicides than there were Covid deaths. But you know, we saved that one nebula's person that no one knows who it was that did not die from Covid.

I wonder if they are aware of this success. President Trump stopped all selling of aborted fetal tissue for research. Great! That is a great victory. Then the Bishops supported Biden. Now that he has usurped the throne, aborted fetal tissue is now for sale again. Another great victory, but for Satan this time.

This was the natural, predictable and inevitable outcome. Think about it... We know that the liberal socialist regime needs to topple down the Catholic church in order to

fully implement their wickedness. With all the protestantization of the Catholic church over the last 50 years or more, they have been able to do a lot of damage to society, family, economy, and government. So much of it under the guise of so called "social justice."

One of the major areas that they have attacked is sexual purity. Starting with contraception, then free sex, then abortion, then sodomy and euthanasia, and now the great push for transgender identity. They are already starting to push for bestiality, incest and sex with children. In fact, I have heard that daddies should have the right to be the first with their daughters. SICK! It is all sick! It is all EVIL!!!

When the Bishops cooperated with the vaccine, they concocted a reasoning that falsely legitimized the vaccine. One of their key words was "remote." The abortion (murder) was so remote, meaning so long ago. But remote in morality (philosophy) means how close you are to the act, not in time, but in participation.

By taking the vaccine, you directly participate in several morally evil, corrupt and hideously inhuman acts.

They are:

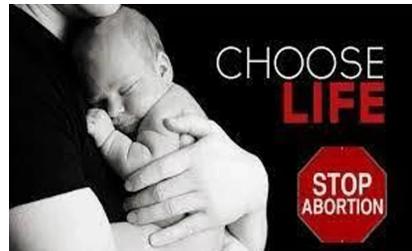

1. Extraction of a child from the womb before birth
2. Denial of baptism, so debarring him/her from Heaven
3. Torture
4. Theft of body parts
5. Murder of the child
6. Disposal of the rest of the body
7. Manipulation of body parts
8. Marketing of body parts
9. Desecration of the child in instances 4,5,6,7 and 8
10. Violation of the child's rights in all instances.

How long ago the murder happened is irrelevant. You directly participate in that you directly and willingly benefited from the murder and all 10 sins listed above. All 10 sins were done so you could live.

A very good article on these 10 points can be found at: <https://rorate-caeli.blogspot.com/2021/04/don-pietro-leone-chains-of-evil.html>

When the bishops broke from the Church's moral Tradition and allowed for these vaccines, they became the proverbial crack in the damn. They gave the socialist, liberal regime the opening they needed. Now it is okay to murder babies so long as we can benefit from it and so long as it "looks like" the people do not directly participate. With that, murdered baby parts are back on the market. A victory for abortion, a victory for Satan.

God Bless,
Fr. Robideau

I love you Mommy.

Work be was hard

Moving all those stones was a pain. But we did it. It went faster than I thought it would. I thought it would take all three days. But it only took two. So, since I had laborers for the vineyard, I put those idle hands to work and we accomplished a few other little jobs as well.

A very special Thank You to those who participated for all your hard work.
