## Parish News

### Elevator

Ok - I want to know who was not praying for the elevator repair this week.

I got bad news. They cannot fix the electrical system. The mother board itself is fried. The mechanicals of the elevator are all good, so that is something.

They will be getting us an estimate soon on the new electrical system which will also update it for years to come. BUT - they did tell me to expect it to come in at about \$80k.

Now I want everyone to pray about this, no slackers this time.

## The Sacred... The Secular... And Everything

### Usher Recruitment

Men, If you are thinking, wanting, will to be an usher, please sign the signup sheet in the back of Church this week or next.

### Heating

At our lowest temperatures this past week, the furnace was still able to keep up with the temperature in the church. Not only that, but it was also cycling and not running constantly. That is a **HUGE** improvement.

We are still trying to figure out the temperature in the hall and choir loft.

### GOOD NEWS

As it turns out once again, we were not being a crazy conspiracy theorist. The lap top DID indeed belong to Hunter Biden. He admitted it. We now have that along with so many other things like the dossier on Trump where all these slimy swamp monsters lied to us.

Since truth is a person (Jesus Christ) and a moral issue (speaking only truth in union with Jesus Christ) and because we know that only the fullness of truth will set us free, we must speak about the lies and in particular, the source of those lies.

The easy answer is to say that Satan is the source and the prince of lies. It is true and so it must and has now been said. But it is only part of the truth. Remember that we are looking for the fullness of truth or at least as close as our puny human minds can get to it.

Satan is the great liar, deceiver and manipulator. True. What is now important

to us is how does he lie, deceive and manipulate. In this, he took his cue from God Himself. As God works through human agents, so does satan. Satan works through people. So many of us do not actually choose to do his bidding, but due to human frailty and awkward moments in life, we do indeed sin. But there are some who are just traitors of God, wretched and despicable souls that do Satans bidding for the destruction of the kingdom of God and the damnation of souls to the eternal fires and torments of hell.

Some professions have their unfair share of them that give a bad name to those who might be trying to do good. They include politicians, lawyers, bankers, executives, Hollywood, music industry, Free Masons, Green movement, and so on. And yes, there are several in the Catholic Church Also.

Many of these people have sold their soul to the devil in one way or another, wittingly or unwittingly. They now do his bidding and that is to destroy the kingdom of God on earth.

Because these same people are in power, they set the agenda and then call us disobedient, rebellious, dissenters and so much more. But is not the truth that they are the disobedient, rebellious dissenters?

They are correct. We do not follow them and we try to disrupt and stop their agenda whenever and where-ever we can. I would like to say however, but we being on the side of righteousness, have to follow certain rules. In that we do not cave to their every whim, we do look bad in their eyes.

Here is the twist. I do not care how I look in their eyes, according to their laws,

according to their agenda or what ever else they might judge me by and neither should you. We know that it is God that we must obey and that we want to look good in His eyes according to His law.

We must ask, would I prefer to be called disobedient by God or by man? One of them is going to, there is no getting around that fact. So let it be man that disdains me so long as God rejoices in me.

The swamp does not care about or value truth. Truth is but an inconvenience to them. They will lie to us and about us because it is only their demonic ideology that matters to them. If you get in their way, you are disposable. Remember that the value and dignity of the human person is a truth. They do not care. You are nothing to them if you do not bow to them.

In their mind, lying is but a tool that darkens, twists and distorts truth so that they can have their evil. So lying about the lap top, the dossier, COVID, the jab, and all the other stuff in politics and business... In their eyes, they have done nothing wrong, so how dare we say they did. Lying is not a sin, it is a tool and one they use very well.

Further still, in their eyes there is no sin, because there is no God. If there is something that can be called sin, it is dissent from what they tell you. That is the grave offense against their human secular utilitarian fascist society for they are "god."

The good news is that the truth came to light. The bad news is that they do not care. Nothing will come of it. He is a Biden after all and you are just you.

Much Love. Fr. Robideau
